Dual Purpose

KLR650, KLR250

Get ready to escape civilization. Get on a Kawasaki KLR650 dual purpose motorcycle and leave your 4-wheel SUV buddies far behind. From freeways to back roads to forest trails, the KLR650's big electric-start liquid-cooled Single cylinder engine delivers abundant power and torque for adventuring. While generous dimensions, tough hand guards and a mini windscreen ensure class-leading comfort. Add a wide-ratio gearbox, twin engine balancers and a big 6.1-gallon fuel tank and you've got a very capable, very versatile dual-purpose bike. Its highway capabilities are almost legendary, and its off-road manners surprising. Big dual-purpose tires, powerful disc brakes and features like long-travel suspension make it easy to live with this big Single. Now install genuine Kawasaki touring accessories and take off. The adventure is just beginning.

Ⓞ **Massive 6.1-gallon fuel tank gives the KLR650 an extended touring range for more adventures on or off the pavement.**

- The 651cc Single cylinder 4-stroke DOHC engine features twin counter-rotating engine balancers for a smoother ride.
- DOHC (Double Overhead Cam) cylinder head features a lightweight, silent cam chain for reduced engine noise and long chain life.
- Advanced liquid-cooling system with electric cooling fan, alloy radiator and temperature gauge makes the KLR650 a great long-distance adventure touring machine.

Ⓞ **Reliable electric starter, tough hand guards, a bright headlight and an efficient mini-fairing offer KLR650 riders comfort and convenience.**

- Comprehensive instrumentation includes a large speedometer, tachometer and temperature gauge plus warning lamps.
- Smooth 5-speed transmission takes advantage of the engine's wide torque curve.
- Kawasaki offers you a broad range of custom-fitted available accessories to choose from. Add a set of saddlebags and a tank bag with clear map pocket or try out a rear touring bag and extended windscreen.

Look to the KLR250 for affordable dual-purpose performance. Its 258-pound dry weight allows light handling on street or trail, while two-up seating, liquid cooling and long-travel suspension ensure comfort and versatility. Plus your Kawasaki dealer offers a custom rear rack that matches your style. The KLR250. It's the perfect means of escape.

Ⓞ **Kawasaki engineering technology: Advanced, liquid-cooled, 4-valve DOHC single-cylinder 4-stroke engine. Four valve head improves engine breathing. Single 34mm CVK carburetor precisely meters the fuel. Capacitor Discharge Ignition (CDI) delivers a hot spark.**

- Kawasaki offers the 250cc class the advantages of liquid-cooling for consistent operating temperatures. With its radiator tucked in tightly to the frame, the advanced cooling system is lightweight and efficient.
- The convenient Kawasaki Automatic Compression Release system makes kick starting the KLR250 an easy and simple operation.

Ⓞ **For strong consistent braking performance, the KLR250 features a hydraulic operated single front disc brake with an opposed-piston front caliper and lightweight drilled rotor.**

- Seat height is a low 33.7 inches for confident slow speed maneuvering.
- Large 36mm leading-axle conventional front fork is complemented by the Kawasaki exclusive UNI-TRAK™ rear suspension system. Single rear shock is adjustable for spring preload and 4-way rebound damping.
- Analog instrumentation helps keep the rider informed including a tachometer, speedometer, resettable tripmeter and temperature gauge.
